FINE ART CLASSES FOR ADULTS

The Marveg^{os} Fine Art School combines classical studies in fine art with contemporary educational techniques. Exercise your creative self in this non-threatening studio environment, where exploration of techniques and creative choices are used to develop your own style of art making.

These classes will include demonstration of projects determined by student interests. Students may work independently or work on projects designed by the instructor based on students' interest. All works created at The Marveg^{os} are original and students will learn steps and processes that lead to successful completion of projects. A supply list will be provided based on your project design or \$6 materials fee per 2-hour class is due on first day of class. Only non-toxic materials are allowed in our studios.
